Proficient in C# and .NET technologies, I bring a blend of academic knowledge and hands-on project experience. Ready to leverage my skills to drive innovation and success in a collaborative development environment.

Skills

- | | | |
|--------------------------------------|---------------------------|---------------------------|
| ▪ C# | ▪ MSSQL | ▪ Agile Methodologies |
| ▪ REST API | ▪ MongoDB | ▪ Scrum |
| ▪ Asynchronous Programming | ▪ Redis | ▪ Logging - Serilog |
| ▪ Unit Testing - XUnit NUnit MOQ | ▪ Docker | ▪ Fluent Validation |
| ▪ Javascript | ▪ CI / CD | ▪ LINQ |
| ▪ HTML / CSS | ▪ Git Github TeamCity | ▪ Test Driven Development |

Experience

Valtech

London, UK | B2B contract | Full-remote

● Junior .Net Developer

March 2023- Present

- Developed and maintained REST APIs using .NET 7, C# 11, MSSQL Server and MongoDB.
- Conducted code reviews to identify and address performance bottlenecks, ensuring optimal application speed and responsiveness.
- Implemented unit tests to ensure code quality and prevent bugs in production.
- Collaborated with team of 5 developers on agile project lifecycle using Scrum methodology
- Improved performance by ~30% through application profiling and optimization techniques.

Valtech

London, UK | B2B contract | Full-remote

○ .Net Developer Intern

Janunary 2023- March 2023

- Assisted senior developers with debugging code and troubleshooting technical issues.
- Participated in design meetings regarding application functionality and technical details such as data structures, security considerations, etc..
- Assisted in testing new features before release by performing manual tests

Technical Projects

Note API

<https://github.com/ab-gul/NoteAPI>

- Built and containerized a REST API using N-tier architecture, Repository pattern with technologies and frameworks such as .NET 7, EF Core 7, MSSQL, Docker, etc...
- Implemented functionalities such as authentication, filtering, sorting, pagination.

Education

The Academy of Public Administration under The President of The Republic of Azerbaijan

Master's in Computer Science
Expected Graduation July 2024 | Baku, Azerbaijan
Full remote

- Full Scholarship Recipient.
- Dean's List Honoree in Spring 2023.

Azerbaijan Tourism and Management University

Bachelor's in Linguistics
Graduated May 2022 | Baku, Azerbaijan
On-site

- Full Scholarship Recipient.
- Dean's List Honoree in Spring 2021, Spring 2022.
- 4 GPA / 4.

Languages

- Azerbaijani - Native
- Turkish - Native
- English - Fluent
- French - Upper-Intermediate
- Polish - Beginner

Courses

- CS50's Introduction to Computer Science, Harvard University
- Designing RESTful API, Khan Academy

Volunteering

Dorośli Dzieciom. Fundacja | European Voluntary Service

April 2023 - Present
Sępólno Krajeńskie, Poland

In addition to my technical skills, what truly sets me apart is my commitment to giving back to the community. I am passionate about nurturing young talents and inspiring their curiosity in technology. During weekends, I am engaged in volunteering in a small town in Poland, where I teach young individuals the fundamental concepts of programming. Witnessing the excitement and growth of these budding programmers has been both fulfilling and humbling. This experience has not only refined my communication and mentorship abilities but has also reinforced my belief in the transformative power of education.
